# FINDIA 40' HARDWARE AND EQUIPMENT

## **CONSTRUCTION**

### **Composite-Cored Construction**

Exceptionally strong, light, High-Tech Composite Cored Construction utilizing only the highest grade of Epoxy resins along with knitted Bi-axial / Tri-axial E-glass, Kevlar, Carbon Fabrics and DOW Core, then the materials are precisely cut, fitted laid by hand into the mold. The components are then Vacuum Bagged, Resin Infused, and Oven Controlled Cured, this greatly improves the Fiber-to-Resin ratio, ensuring maximum laminate adhesion, and even penetration of the resin.

**Findia** a stronger, lighter, faster boat for good times of sea.

## **ENGINE & STEERING**

- Twin Yanmar 420 BHP Diesel Engines
- ZF 220 Transmission
- Hamilton 274 Water Jets
- Lead/foam insulation for engine room and exhaust
- One 12-Volt exhaust fan for engine room.
- Hydraulic steering with Edson teak rim wheel
- Two 150 gallon aluminum fuel tanks
- Kobelt engine control system
- Fuel level gauges
- Kidde Fyrewatch automatic system in engine room

## **ELECTRICAL**

- Electrical distribution panel for 12 volt DC & 120 volt A.
- 120-volt AC outlets in head, and engine room
- 50 amp 120 volt shore power system w/50' cable
- Two 12 volt marine batteries for house and engine
- Guest battery selector switch
- International rule running lights
- Cockpit courtesy lights
- One 12 volt cabin fan
- Alpine AM/FM/CD/DVD Player with touch screen
- 4 MB Quart Marine Speakers

## ***FINDIA NAVIGATION***

- Digital compass
- Standard Horizon PS 2000 VHF Radio/ Ram mic.
- Chart plotter Raymarine E120 color 12"
- Raytheon Tri-Data display for speed, depth and log

## ***INTERIOR***

- Custom lifting companionway door with hydraulic assist
- Laminated varnished wood interior cabinetry as per customer requirement
- Full Head with shower
- Corian counter top in head as per customer request
- Custom overhead foam and fabric liner
- Teak and Holley varnished cabin sole
- Varnished teak companionway steps
- Dorn-Bracht faucet in head

## ***PLUMBING***

- 50-gal. fresh boat water tank
- Hot and cold pressure water system
- 15 gal. Seward water heater
- Dorn-Bracht faucet in deck galley
- Corian counter top with stainless steel sinks
- Whale Swim & Rinse cockpit shower
- Raritan PH II electrical head
- Marlon sea cocks/thru-hull fittings
- Two Rule 4000 12-volt DC automatic bilge pump
- All H2O plumbing is Whale System 15

## ***DECK FITTINGS***

- Six Accon retractable deck cleats
- Custom helm and passenger seating
- Custom Teak aft table with inlaid boats name
- Teak and Holley varnished deck sole
- Custom Swim Platform with Stainless half round and hidden ladder
- Single trumpet horn
- Deck wash down
- Multiple scuppers with direct overboard drainage

## ***FINDIA DECK***

- 12 volt & 120 volt refrigerator / Norcold/ designed for long times of reliable service
- Surface mounted propane grill
- Safety LPG panel w/ solenoid
- Built in hidden, lockers and dry storage bins
- Stainless Steel Sink with spray nozzle

## ***ANCHOR SYSTEM***

- Vinyl bow roller mounted on composite anchor sprit
- 30-lb. Bruce anchor w/ 10' chain & 100' nylon rode
- Electric windlass with foredeck and helm controls
- Anchor Storage

## ***MISCELLANEOUS***

- Pennel et Fiipo material for the inflatable tubes
- Hull and deck in off white gelcoat, color option for boot top
- Interlux Micron CSL bottom paint
- Complete US Coast Guard equipment package including four, type 1 PFD's, flare kit, two fire extinguishers, and portable horn
- Six 5/8" dock lines
- Hand bearing compass
